

NEW SAFETY CERTIFICATES

The Economics of Safety Certificate

The motivation to implement required safety and health practices sometimes diminishes within the context of production schedules. When production is viewed as the priority above safety standards, the illusion of cost savings can quickly be replaced by the sobering realities associated with a workplace incident that causes a death or severe injury. The impact to the bottom line can be devastating. Information and awareness is a proactive way to avoid workplace tragedies while protecting the profitability of the organization. This program offers information on how to:

- identify industry specific safety hazards
- understand the ethical and financial benefits of regulatory compliance
- perform job site safety and work analysis, to minimize safety risks
- calculate the financial aspects of direct and indirect costs for non-compliance
- partner with management to achieve workplace safety objectives

Use the five month planner below to schedule yourself or your employees in all five modules for completion of the program:

Date	Time	Module	Fee
January 10, 2012	10 AM-Noon	Assessing the Cost of Workplace Accidents	\$49
February 7, 2012	10 AM-Noon	Assessing Hazards & Safety Risks	\$49
March 6, 2012	10 AM-Noon	Advocating for Safe Work Practices	\$49
April 10, 2012	10 AM-Noon	Industry Specific Safety Basics	\$49
May 8, 2012	10 AM-Noon	Leading the Safety Campaign	\$49

Successful Safety Committee Certificate

The intention of a safety committee is to identify and remediate organizational safety concerns while promoting and implementing best safety practices. The challenge for any organization is to stay on task while maintaining positive safety focused attitudes. Demonstrating commitment from all involved can only be achieved through activity that engages and informs all employees within the workplace. It is this engagement that fosters the desired safety culture within the organization. This program offers information on how to:

- make safety and health within the organization everyone's business
- develop fire and life safety awareness along with appropriate response
- advocate the case for safety within your organization
- partner with management to promote and implement best safety practices
- effectively lead meetings while motivating committee members

Use the five month planner below to schedule yourself or your employees in all five modules for completion of the program:

Date	Time	Module	Fee
January 10, 2012	1-3 PM	Fire & Life Safety Preparedness Basics	\$49
February 7, 2012	1-3 PM	Selecting Safety Meeting Topics	\$49
March 6, 2012	1-3 PM	Engaging the Workforce in Safety Practices	\$49
April 10, 2012	1-3 PM	Planning Safety Committee Work Assignments	\$49
May 8, 2012	1-3 PM	Documentation & Reporting on Safety	\$49

The **Economics of Safety & Successful Safety Committee** certificates are comprehensive training programs that consist of 10 total training hours. However, training days are not consecutive which allows employees to use and practice the new skills they learned before they attend the next module.

Cost for each entire certificate program is \$220 (**a 10% discount over registering for workshops individually**). Please call 610-332-8678 or email cbi@northampton.edu to register and discuss payment methods. To register for individual workshops, please visit www.northampton.edu/cbiregistration.
