ChristinaG@psu.edu

Name of Training Program (please list one program per sheet):

Tech Break Fast w/ PennTAP—State of Healthcare IT

Brief Narrative Description of Training Program:

This session will be 45 mins on a specific technology related topic. The session will run in the a.m. (suggest 7:30-8:30 a.m. so attendees can still get to work) and will include continental breakfast. Topic 1--

- State of healthcare IT

This session will focus on general information about how information technology is influencing healthcare and what are the current “trends/topics”.

Estimated Number of training program hours per day (e.g. 4 hours a day):

45-60 mins

Estimated Number of training days (e.g. 2 days):

1 class

Estimated Project Cost:

\$450 per class

If 15 people per class, with match, cost to participants would be \$15.

Certificate or Credential obtained upon completion?

None, but we could possibly work out something with PSU CE to offer an “IT certificate” or something. Let me know if you’d like to pursue this.

Additional information:

This is class one in a series of six classes.
